

Functional cookies

Functional cookies ensure that the website you visit functions adequately, and they make the website easier to use for you. Functional cookies cannot be disabled. These cookies are only valid for the duration of your visit to the website, and at the end of the session, or when the browser is closed, such cookies are automatically deleted from your computer. These cookies do not store any data about you that would enable identification.

Marketing and functional cookies

Besides functional cookies, marketing cookies store visitors' data as well so that we may provide you with personalized offers.

Managing COOKIES

Like other companies, we use cookies on our websites, too. We use search and Flash cookies to tell us whether you have visited our site before, which pages you have visited, and they help us identify the functions/services that may interest you the most. The search and Flash cookies enhance online experience by storing your preferences while you are on a particular page. Neither the search, nor the Flash cookies can identify you personally. You may disable browsing cookies through the settings of your browser, however, in this case you will not be able to use the full functionality of our website. [Click here](#) to manage and disable Flash cookies. Like in the case of browsing cookies, you will not be able to use the full functionality of our site if you disable Flash cookies. Third party cookies and similar programs used on our website:
